

Just for Parents....

Jesus has called each of us, including our children, into a life of stewardship. We must provide them with opportunities to know the joy of accepting this call. When we do this while they are young, it becomes the way they choose to live their lives.

All that we have and all that we are comes as a gift from our very generous God. Stewardship teaches us to be grateful for the gifts entrusted to us. We each have a responsibility to make a plan for how we will return a portion of our gifts of time, talent, and treasure in service to others.

We have all been blessed in certain ways. As parents, it is important that you help your children recognize and nurture the talents received. We each make a difference when we share our gifts. An important way you impact the lives of your children is to model a life of stewardship by giving of your time, talents, and treasure for the good of others and by helping your children find opportunities to do the same.

Finally, we ask that you support our parish as we strive to educate your children about the true meaning of Christian stewardship. Your children will receive a commitment card, similar to the one that you received in the mail. Won't you please fill them out together?
